

VIBE SHOWER SET

COLLECTION VIBE

PRODUCT CODE:

S951-021

Product description

The VIBE set comprises an 8.5 cm diameter hand shower and bar with a 70 cm-long movable holder facilitating its height and inclination angle adjustment. The water stream is fully adjustable, i.e. continuous and delicate in the RAIN mode or powerful and refreshing in the MASSAGE mode. The ECO 50% function reduces water consumption. This set comes with various practical functionalities. The silicone finish of the hand shower facilitates removal of scaling and deposits, and the Cersanit Turbo Air system aerates the water stream to reduce water consumption. Apart from the shower bar and hand shower, the set also includes a 150 cm metal-braided hose and mounting kit. The quality of the set is confirmed by its 2-year guarantee coverage.
